Environmental Day typically refers to World Environment Day, which is celebrated on June 5th every year. It's a day dedicated to raising awareness about environmental issues and encouraging people to take positive environmental action to protect our planet. The day serves as a reminder of the importance of environmental conservation and sustainability practices globally. Department of Biomedical Engineering celebrated Environmental Day on July 5th 2024. Dr.P.Bhuvaneswari, HoD of BME and student representatives from each class volunteered and planted the saplings.
