EVENT REPORT

Name of the Event: Workshop on "Product and Technologies identification in MSME sectors under self employment opportunities"

Date and Time: 19.10.2022, 2.00pm

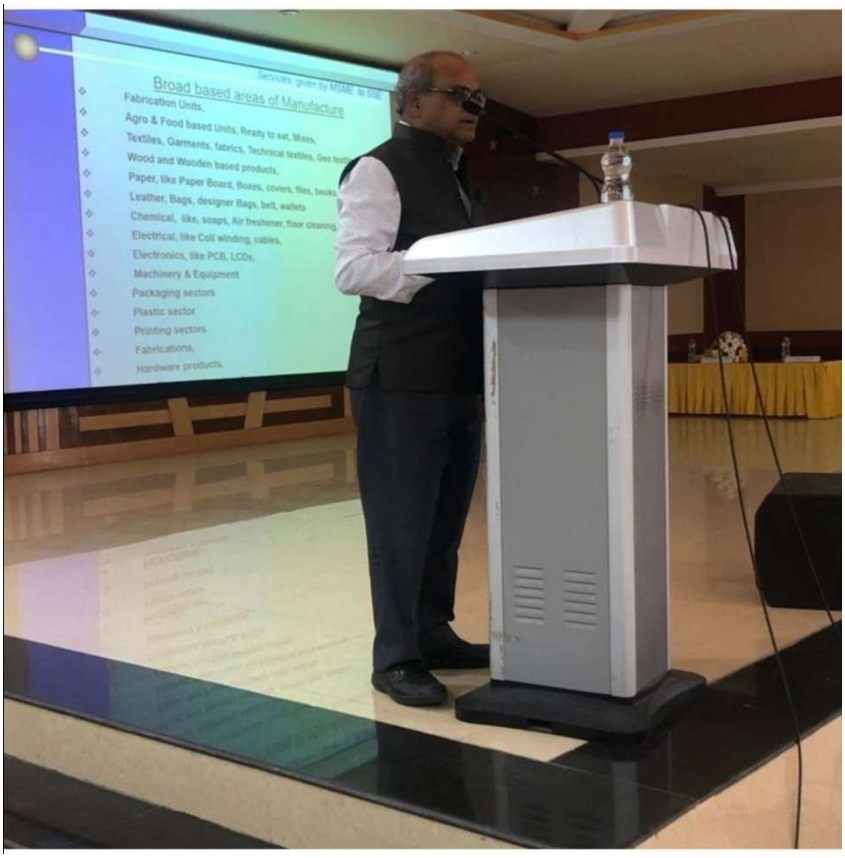
Resource Person: Mr.Gopinath Rao, IEDS, Deputy Director, MSME, Bangalore

About the event:

It was briefed out that following points are helpful for the students to go for a start up:

1) MSME is a great self employment opportunity that creates a new project idea and provides funds.
2) There are almost 288 categories of MSME in which health care sector has lot of opportunities.

3) By having a proper project idea and project report with required documents, udhyog commission will fund up to 50 lakhs for bigger project and 20 lakhs for service sector.
4) Out of 250 new ideas honored by Prime Minister in Vignana Bhavana, 7 ideas were brought out from Karnataka state.



As MSME constitutes about 30% of India GDP, Government is planning to increase it to 50%. Hence every youngster should consider it important to invest in ideas and become self employed.
