

## ACS COLLEGE OF ENGINEERING DEPARTMENT OF ECE

The technical talk “IOT & its applications “was held for the students of Electronics & Communication Department. Shreyas, was successful in reaching the students of all academic years. He gave an insight into the concepts of Internet of things and its presence in all domains.

The examples ranged from smart connected homes to wearable’s to healthcare. It enhances the comforts of our lives and also gives us more control by simplifying routine work life and personal talks.

The highlight of the talk was that the potential of IOT markets is huge and some domains nature faster than the rest.
