DEPARTMENT OF COMPUTER SCIENCE & ENGINEERING

(Affiliated to VTU, Belagavi, Approved by AICTE, New Delhi and ISO 9001:2015)

**Organized public service event on
“Industrial visit”**

**Under the guidance of
Ms. Sushma T, Asst. Prof and Mr. Venkatesh Kumar, Asst. Prof
Dept. of Computer Science Engineering**

Department of Computer Science and Engineering, ACSCE, organized an
Industrial visit to Be-Practical Tech Solutions dated 02-12-2022.

**Report prepared by:
Bindhushree B N & Aman Katiyar
Class Representative,
ACS College of engineering,
Bangalore.**

**Submitted to:
Head Of Department,
Computer Science Engineering,
ACS College of engineering,
Bangalore.**

Acknowledgment

I owe my sincere thanks to our principal Dr. M S Murali and HOD of Computer Science Engineering Dr. V Mareeswari for giving us an opportunity to go for an industrial visit. My heartfelt gratitude also goes out to asst prof. Ms. Sushma and asst prof. Mr. Venkatesh Kumar for guiding us through the various processes till the end of the visit and also special thanks to Koushal sir- the manager of Be-Practical Tech Solutions.

Details of the journey are follows:

- We started traveling from ACS College of Engineering, kambipura towards Be-Practical Tech Solutions, Basaveshwar Nagar, Bengaluru at 9:30 am on 2nd December 2022.
- We reached Basaveshwar Nagar, Bengaluru around 10:45 am.
- The First session started at 11 am.
- The first session got completed and we had our lunch break at 1 pm.
- The second session started at 1:30 pm.
- After the end of the second session which ended up at 3 pm, we started our journey toward the college.

The detailed report is as follows: -

On 2nd December 2022, the department of Computer Science of ACS College of Engineering organized an industrial visit for 5th-semester B.E students to the “**Be-Practical Tech Solutions**” for pursuing knowledge to the students in the field of computer and IT where this institute is well-known for its technical education.

Start Date	02-12-2022
Total No. of Participants	47
Event Duration	5 hours (11 am to 3 pm)
Location	Be-Practical Tech Solutions Company Address: 737C 1st Floor, 1st Cross Rd, 3rd Stage 4th Block, Basaveshwar Nagar, Bengaluru, Karnataka 560079

After reaching the institute Koushal who is the manager of that company welcomes us and his team arranged a meeting in the meeting room. There he had shown some videos based on their company, their achievement, and how they work in different fields for providing technical education, also a presentation was shown in which the details of the different types of branches and technical education were shown.

Kavitha who is the HR of the company introduced herself and also her co-workers. She made the session more informative by letting us know more about the IT field. She does introduce her colleague Priya where both of them are HR for lateral and Aliya who is the HR for freshers from the same institute.

Javad who is from the training department gave us information about the IT fields and also the technology, the course which has more interest, he also explained a few things like how the front-end works with the back-end and also gave brief information about the new things which helped the students to learn more.

At last, there was a question-and-answer session where the company people helped the students to solve their doubts. The company person also appreciated our students after the question-answer session.

Conclusion:

It was a good experience, which has provided exposure to the 3rd year students with industrial life. The students are benefited in terms of the technical details provided by the company on an important part of the various career opportunities in industrial. The students and the faculty members have enjoyed the technical endeavour at this organization a lot.

This Industry visit enables us to enlarge our knowledge in such a way so that we can apply our subject matters to really time products. We understood the concept of industry working only because of this. We also learned the important role that computer engineer plays in various stages of the industry. From this industrial visit, we the student of computer science engineering got a chance to learn some elementary parts of IT fields that we were going to do in the future. Thus, our industrial visit to Be-Practical tech Solutions is helpful in all ways so that we can able to know about visionaries behind the IT fields and their work.
