Dear Sir/Madam,

**Subject: Invitation for Voluntary Blood Donation Camp-  
Reg.**

We are pleased to inform that the NSS Unit of ACSCE is organizing the **Voluntary Blood Donation Camp** on 23<sup>rd</sup> March 2016 @ 9.00AM onwards.

We request you to encourage your faculty and students to attend the Event.

Thanking You

## Voluntary Blood Donation Camp

ACS College of Engineering conducted a **BLOOD DONATION** camp in the campus under National Service Scheme (NSS) in association with the Lion's Club Bangalore- South, RajaRajeswari Medical College & Hospital, Rashtrorothana Blood Bank & Bowring & Lady Curzon Hospitals on **23.03.2016**. The NSS unit planned and organized this event and to their surprise the response was huge. Many students voluntarily came up to donate the blood.

The Lion's Club & RajaRajeswari Medical College & Hospital helped the organizers to conduct a camp as such in the college. NSS Programme Officer Prof. M. Shivakumar M.S said "We are happy to conduct such a drive in our college and we are quite surprised by the response of the students. We wish to conduct many such events in the college and also would make sure to conduct this camp every year in our college. Many checkups for blood pressure and other tests were conducted by the doctors. We take the opportunity to thank Lions Club & RajaRajeswari Medical College & Hospital for their support and encouragement.", says the organizers of the event.

Our Principal **Dr. M.S.Murali**, Vice Principal **Prof. R.R.Elangovan** made their gracious presence in the camp which started at 9.30 a.m and went upto 2.00 p.m.

Refreshments were provided to the students who were part of the camp. The Volunteers took immense care to meet the requirements of students after donating the blood, so as to avoid any mishaps in the campus. Kevin Jacob Santhosh EEE-2<sup>nd</sup> Sem student said, "It feels great to participate in the event. I being a group donor (O+ve) felt the urge to donate the blood as it is required by many. Today accidents have increased and blood is very much in need for each and every hospital, we students don't feel so much responsible to go to blood banks and donate the blood, therefore conducting such events in college would surely make us aware of our health as well as the need of blood in this world. The huge words and quotes on the posters had an impact on the students, attracted us and made us to donate the blood. The camp is organized in a much disciplined manner checking each and every aspect of our health. Would like to see such camps and many other such events happen in our college."

Dr. Pradeepa S.M was present, inspecting every aspect of the camp throughout the day, all the students sincerely thank our Supervisor Mr. Dharmalingam helped us to conduct the event.

ENVIRONMENTAL DAY....WRITE UP

Connecting people to Nature implores us to get outdoors & into the nature and appreciate its beauty & its importance to take forward the call to protect the earth that we share.

World Environmental day is the biggest annual event for positive environmental action & takes place on every June 5. It began in 1972, Global citizens had organized many thousands of events, from neighborhood cleanups, to safeguard against wildlife crime & replanting trees.

At ACS College of engineering, we celebrated Environmental day on June 5 2017 by conducting various events such as quiz competition, planting & distribution of saplings & fixing of bird feeders on trees. A questionnaire on environment was prepared by department of Civil engineering & competition was conducted for faculties of all departments and prizes were given to the top three faculties who cracked the competition. Later saplings was bought by department of Biomedical engineering. A proper place was selected in college campus & plants were rooted by our beloved Principal Dr M.S. Murali & all heads of other departments. Initiative was also taken in fixing bird feeders on trees & provision was made for water storing in concrete tubs which was kept under each tree to feed animals & birds. The program winded with oath taking from all the faculties which made all our minds & heart strong in promoting good sustainable environment in safeguarding good aesthetics & health.
