CADD[®] CENTRE

Driving Digital Designs!

PARTICIPANTS:

The participants would be the **Civil, Mechanical & Aeronautical Engineering** Students of specified branches from 1st to the 7th Semesters.

COURSE CONTENTS

CADD Centre in consultation with the College shall finalize the course contents for the skills development program. These will be reviewed every year and suitable changes, if required, will be incorporated. As the requirement of each course is different, course contents have been worked out separately for each branch.

TIME SCHEDULE

The program(s) will be conducted during the college working hours. The students will be divided into batches, depending on the total strength based on requirements.

LINK OFFICER

The Principal of the College shall appoint a Link Officer from each department for the duration of the program, who shall liaise with CADD Centre and make the training process learner-friendly and effective. CADD Centre shall work in close relationship with the Link Officer, who in-turn shall keep a close touch with the students. In the event of any difference of opinion between CADD Centre and the Link Officer, the matter should be referred to the **Principal of the College**, whose decision thereon shall be final and binding on both the parties.

COURSE FEES & PAYMENT PATTERN

Of the course fee charged and collected per student, 15% shall go to the college and the remaining to the CADD centre Training services, Kengeri. The aforesaid 15% is for providing infrastructure etc required for the course by the college

The course fee per student for each course offered is decided and mutually agreed upon by both the parties. The College shall collect the course fee from the students and pay to CADD Centre. The payment can be made as Cheque / DD in favor of "**Design Key Engineering**"

Candidates. This is because of the skill gap that exists between academic institutions and industry requirements. This skill gap is sought to be minimized for the students of the “College” by facilitating them to acquire the appropriate and relevant skills at the college itself.

Through this collaboration, CADD Centre will prepare the students of the “College” to be ready for industry by the time they enter the final semester and for this the students have to be nurtured and trained in different areas from the very beginning. Keeping in mind the academic program and the progressive skill development cycle in mind, the programs are spread across their semesters.

CADD Centre Shall Provide

- The required trainers for the course and the training program would be Instructor led.
- Comprehensive CADD Centre reference books to all students for each course as part of the course.
- Periodical assessment on the progress of students for their further improvements.
- The ‘Certificate of Completion’ to every student who successfully completes the training program every semester.
- “Certificate of Association” from CADD Centre to the college
- Provide Permission to use CADD Centre logo as the Skill Development Partner
- Organize Campus and off-Campus interviews for the final year students based on the requirements for CADD Centre and its clients
- Welcome ACS College of Engineering to use CADD Centre, strategically based on the need

The College Shall Provide

- The required number of computer systems in the lab and other required infrastructure for the practice and its maintenance.
- The Class rooms with LCD projector for the theory classes.
- The Schedule with the classes for this training during normal hours of the college not less than 2 hours per day.
- The support to ensure, all students in a class, attend the training programs scheduled for them
- Disciplinary support for the smooth conduct and timely completion of the entire course.

Objectives of the Collaboration:

1. To provide employable skills to the student during their course at the college.
2. Make the student aware of the latest tools and techniques at an affordable fee in order to keep them *industry ready* at the end of their course.
3. Maximize placement opportunities for students from all the courses.
4. To build the confidence level of the student to face the challenges of the real time.

This Memorandum of Understanding is to conduct a **Unique, Step – By – Step, Systematic, and Institutional Offer** for the students of the college towards achieving the objective of maximizing the employable opportunities for students of the College.

This Memorandum of Understanding states the terms and conditions under which the **Trainings** shall be conducted by CADD Centre at the College premises and lists herein the respective responsibilities of both parties.

PREAMBLE:

For a student to be recruited by a good company, over and above the subject knowledge, he/she is expected to have the following:

1. Strong Fundamental Engineering Knowledge
2. Engineering related Multiple Technical Skills - Develop skills that add value.
3. Project Management & Operational excellence - Learn & Acquire the Skills
4. Communication & other Soft Skills

While Subject Knowledge would be provided by the college, CADD Centre will equip the students with required industry specific technical, project management and people skills.

On one hand, thousands of unemployed Engineering graduates are not finding suitable jobs, while on the other hand, Industry requires millions of young minds at all levels but are unable to find the right
