

# ACS COLLEGE OF ENGINEERING

## Department of Biomedical Engineering

### Inauguration of Personality Development Club , Photography Club, & release of news letter.

The department of Biomedical Engineering inaugurated the personality development club, Photography Club on 24th February at ACS Seminar hall 3 at 11:00am. The department also released the quarterly news letter for the period December to February on the same day.

Personality and perception are the two key factors for anybody's success in life. Perception to certain extent depends on personality. Hence personality developmental activities are crucial in students life.

The department has planned to conduct series of events through personality development club. To train the students in various aspects that would help in development of personality to meet the challenges in personal and professional life.

A person however intelligent She/he is should have finer feelings to become warm & whole rounded personality. The interpersonal relationship heavily rest on emotional well being of individuals fine arts club, Photography club would help people a lot in this respect.

The department of Biomedical has planned to conduct events through photography club to open up window for the students to see emotional side of life.

Programs planned to be conducted are

- A workshop on emotional intelligence , Critical Thinking & Problem solving.
- A national level photography competition for Engineering college students.
