Report on activities held under Science Forum March -2016

Day: 19-03-2016, Saturday

Venue: ACSCE

ACS College of Engineering, Science forum was started in the year 2009 on 15th February with the motto of encouraging the student to understand the importance of Science and its contribution in the field of Engineering.

As a part of Science forum activity “Science Model and Poster Exhibition was conducted on 19th march 2016 for First year students. All the students participated in these events with lots of enthusiasm and enriched with knowledge. The program was a grand success.

Details of the Event

The program started by invocation song by Varshini and Bhvanapriya, Section F followed by welcoming the Prof. Murali, Principal, ACSCE and Prof. Elaongovan, vice principal Admin, ACSCE, Prof. Prasanna kumar, vice principal Academic, ACSCE. Inauguration was done by lighting the lamp. Dr. Bhavyashree from department of Physics told about the aims and objectives of the science forum. Students were encouraged and appreciated for their efforts by Principal in his inaugural address. He also suggested faculties to motivate the students to participate in inter-college and national level competition for more exposure. Principal Sir congratulated and suggested to organize some more events in future. The program ended with vote of thanks given by Deepa, Asst. Prof. dept. of Mathematics.
