Chairman's Voice

Dear Alumnus,

Greetings to you all. The place where we grew up and began shaping our future, remains depository of many sweet memories. A lot has happened in the last few years in your lives and fate will take each one of you to many directions and destinations.

"WE" which will become "US" without whom this journey wouldn't have been possible. Students are the brand ambassadors of any institution and you all have made us immensely proud. We certainly value your feedback and suggestions. I am sure that you have noticed, ACS College of Engineering has taken giant strides in our endeavor to carve a niche in the field of education. We believe in providing quality, holistic and affordable education to those who cannot afford professional course. We have envisaged an enriching path and we require your support along the way.

We shall come out with more such interactions in the future and seek your cooperation, participation and support. The students were absolutely thrilled to have their seniors amongst them. They would be motivated to perform better. Thank you all once again for making your presence felt. As you embark on a path filled with lots of twists and turns keep in touch with each and more importantly "Keep In Touch With the Institution". I congratulate the team which has worked tirelessly making the event happen.

Vice Chairman's Voice

An institution is known by the quality of its students and the students, in turn are recognized by the reputation of the institution. ACS college of Engineering was founded with the vision of imparting good quality education to its students along with developing them into leaders of tomorrow. The Alumni network of the college showcases the success in accomplishing this. Therefore, to provide an opportunity to those alumni who have made us proud, we are honored to host the Annual Alumni Meet "MILANA 2018". The intent is to give an opportunity to relive their college days, interact with other alumni, grow and mutually benefit each other and the institution.

Principal's Voice

ACS college of Engineering has consistently maintained close association with its students after they graduate and become privileged members of the alumni community. It is very important to us that the ties between the alumni community and us continue to flourish. For this to happen, members of the alumni community must be offered opportunities to stay abreast with all that is "new and happening" on the campus. I hope that as more members join the alumni network, the memories will only grow in fondness.

Milana has always been a platform for us to come forward, celebrate togetherness and cherish the memories we have had in our BE life. ACSCE has always been a blessing for me and I am privileged for getting a chance to do my bit as a Secretary of our alumni association for the term 2018-20.

Priyanka Manjunath
 ALUMNI- DEPT. OF ECE

"ACSCE was more than a college to me. It is a privilege to be connected to this institution. The place where I gained knowledge and confidence to survive the outer world. It was a great pleasure to be back to ACSCE during the alumni meet 2018. All our memories were refreshed as if we never really parted with it. I thank the ACSCE and all the ECE faculties for the efforts put in by them to make this engineering journey a successful one."

'Milana' is something that binds back the pieces that has been constantly falling off. It brings back all the beautiful memories that are close to heart. It brings me back to the place, where every wall and every corner is etched with a story related to my past. And helps me in get back with those souls who have shared my past with me. It's something that I eagerly wait, every year. It's beautiful act of reminiscence of the past.

Deepak Samanta
 ALUMNI -DEPT OF BME

I've completed biomedical engineering in the year 2017. It's been a great experience since I joined this college. It's a place of knowledge & bliss. I feel special studying at here. ACS has provided me a wonderful environment and opportunity to learn and grow myself academically as well as to secure a place in the industry. Thank you ACS for giving such good faculty members and staff for helping us achieve our goals.

Priyanka,

“I had been extremely fortunate to spend those 4 years in ACSCE amongst the best gurus especially from the computer science department. From walking in as a fresher with no direction and walking out at the end of the 4th year with a job in hand is probably a best transformation a person can get. Its not only about studies and grades, it’s about an all round development that preached and followed. I think in alumni meet we can cherish the past memories in get together.”

Milina 20018 was a much awaited meet. In the midst of our busy schedules most of us failed to keep in touch with our batch mates and teachers as well. So this gathering not onlyt helped us to cherish our good, old memories, but also helped us to make new contacts. Apart from this I think the present students of ACSCE for entertaining us with their cultural activities amidst their busy schedule. Waiting for Milana 2019!!!!
