

# ACS College of Engineering

## Department of Mechanical Engineering

**Mr. Santosh A.**, Senior Manager, **Bosch Rexort, Bengaluru**, handled a workshop on “**Automation**” at ACSCE II Floor Seminar Hall on 05/10/18 which is organized by Department of Mechanical Engineering, ACSCE, for per-final and final year Mechanical Engineering and Aeronautical Engineering Students.

All 5<sup>th</sup> & 7<sup>th</sup> Semester students of Mechanical Engineering and Aeronautical Engineering department attended the workshop and utilized it for their academic growth and to gain knowledge in the subject. Mr. Santosh’s talk covers the following areas: Hydraulics, Pneumatics, sensors, Programmable Logic Controller and Robotics & Mechatronics. He nicely presented the topics in depth. He explained the importance of the internship program which is been offered by Bosch and its partner ACSCE Mechanical Engineering Department. He explained how students could benefit from the program, since a MOU has been signed b/w Bosch & ACSCE ME DEPT., and a lab has been setup in the ACSCE campus.

**We thankful to Management of Rajarajeswari Group of Institutions, Principal of A C S College of Engineering for permitting us to conduct such a wonderful Guest Lecture.**
