<b>Date &amp; Time:</b>	23.02.2019 & 10:30 AM
<b>Venue:</b>	Seminar Hall 1
<b>No. of Participants:</b>	ECE students (IV +VI Semester) + All Faculty Members

#### About the Event

The Team building activities for the students was planned on 23.02.2019 at 10:30 am in seminar Hall -1. All the students of IV Semester and VI Semester were assembled in seminar hall and the activities started with a small welcome address by Dr.H.B. Bhuvaneshwari, HOD, ECE.

The students started the session with playing few games in the beginning which was fun for them and entertaining. The activities were planned with time limit. Some of the activities planned are Filing of Nuts in a straight line, transferring balloon to bucket at a distance without touching in hand and Pyramid Forming with cups.

All the activities planned for students will be helpful in Team bonding, also these activities improve workplace projects that involve teamwork. After completing team building activities together, students better understand each other's strengths, weaknesses, and interests. This understanding helps them even better together on future progress. Certain activities can be designed to improve communication and limit conflict in a group. Collaboration within a group can help solve difficult problems. Brainstorming is a good opportunity for the team to exchange ideas and come up with creative ways of doing things. By working together, teams can find the solutions that work best.

The success of most organisations depends on the ability of individuals to build **effective** teams. The main goals of team-building are to improve **productivity** and motivation. Taking students out of the classroom occasionally helps to eliminate distractions and have fun. Finally, the session ended with some refreshments.

**Students performing various activities.**

**Faculty and Student participation in various activities**

**Students gave a good feedback about the activities and Faculty members appreciated student performance**
