ABOUT THE INSTITUTE:

ACS College of Engineering, established in the year 2009 under Moogambigai Charitable and Educational Trust is Recognized by AICTE, New Delhi and is affiliated to Visvesvaraya Technological University (VTU), Belgavi, Karnataka. The institute is accredited by NAAC, ISO 9001:2008 certification and HLCAT. The institute offers Seven UG courses in Civil, Mechanical, Aerospace, Electronics and communication, Computer Science, Aeronautical and Bio medical Engineering. All the departments have well qualified staff and well equipped laboratories, library, computing and sports facilities along with other amenities. The college is located at a distance of 17 kms from Bangalore City Railway Station on Mysore road.

ABOUT THE DEPARTMENT:

The Mechanical Engineering department was established in the year 2009 and is located in a serene environment on Mysore road, Bangalore. The Department offers academic programmes at three levels leading to Bachelor of Engineering (B.E.), Master of Technology (M.Tech.) in Product Design & Manufacturing and Doctor of Philosophy (Ph.D.) degrees. The department is accredited by NBA certified with A grade and equipped with excellent infrastructure facilities comprising modern laboratories and research facilities that provide the students a chance to transform their learning into practical applications. An extremely dynamic and large faculty and a well experienced support staffs, give the Department a breadth of research focus and wide range of technical expertise. Our faculty members have a passion for teaching and an avowed commitment to research and development. We provide our students opportunities to engage in experiments, design work, project work, industrial training, seminars, and team work to enhance the learning process that is so vital for a holistic engineering education.

Department of Mechanical Engineering motivate students to innovative, creative and thinking graduates to fill the roles of Mechanical Engineers who can conceptualize, design, analyze, develop and produce Mechanical Systems to meet the modern day requirements.

ABOUT THE FACULTY DEVELOPMENT PROGRAM

The Department of Mechanical Engineering, is planning to organize a two day faculty development program to gain knowledge of recent trends in “Mechanical Engineering Science”. It is intended to enhance the effectiveness of teaching and research in mechanical engineering sciences. It is well known that mechanical engineering sciences are continuing to push the boundaries of conventional technologies. This FDP will provide a suitable exposure to the participants on the latest advancements in Mechanical engineering Sciences. The sessions of this Faculty Development Program shall be conducted by the team of eminent academicians and industry expert’s possessing of in-depth knowledge in the area of advancements of mechanical engineering sciences. It will consists of series of lectures, interactions and industrial visits. Participants will learn advanced skills related to Mechanical Engineering Sciences and their applications.

The objectives of the FDP are

- To provide a platform for fruitful interaction and exchange of ideas among Faculties participants.
- To spread awareness of latest technologies among Faculties in their chosen areas of specialization.
- To expose Faculty to the techniques and management practices to achieve the optimum utilization of available resources.
