ACTIVITY REPORT

Activity Name & Date	Cyber Securityon 13-June-2020
Activity Type	Lecture
Conducted By	CTDS Bangalore

About the Activity:

“We are what we repeatedly do. Excellence then, is not an act, but a habit.” – Aristotle

This pragmatic philosophy has steered my 22+ year career in IT, ITES, Telecom, Strategic Outsourcing and BPO providing security services & solutions.

I have been constantly challenged to develop Enterprise wide architectures in Governance, Risk Management or Technical Security Services. I formulated and led the execution of strategic enterprise architectural transformations.

Whether it is delivering Managed Security Services or managing Security & Compliance operations, my work executions are professional, thorough, and efficient. Proven consistent results show that I am the go-to person for critical projects.

I hold a distinction of certifications in Cyber Security, Data Privacy, Enterprise Architecture, Fraud Management, Project Management, Total Quality Management, Service Management and Auditing.

I am a noted speaker and panelist in international and national forums.
