ACTIVITY REPORT

Activity Name	Python Fundamentals and its Applications
Activity Type	Lecture
Conducted By	CTDS Bangalore

About the Activity:

This is a lecture / webinar activity presented by Mr. Prasad, Director, X-Value Technologies, Chennai

About the Company:

X-Value Technologies is a new generation Internet & mobility solutions outfit focused on delivering measurable and differentiating value to customers. We work with our customer from 'Ideation' stage to 'Monetization' stage.

Our service offerings include Mobile application development based on our Industry specific solutions framework, helping global enterprises extend mobility to enhance productivity and offer enriched customer experience.

Ideation to production. Work with us to 'Experience Value' at every stage of the engagement. Our teams of experienced and skilled professional ensure seamless co-ordination right from the conceptual stages through various phases of the Product Life cycle including design, development, testing, and deployment and beyond...

Industry specific solutions framework helps enterprises deliver products faster to market and also resulting in 30% lowered cost of development.
