About the Webinar

The webinar titled "Non Planar Wing concept for Commercial Aircraft" was organized to enrich the knowledge of non-planar wing concept used in commercial aircrafts for the Aerospace students.

The program was started at 10.30 AM with a welcome speech by HOD/AS and followed by the introduction of the resource person Dr. Suresh C by J. Siva, Asst. Prof. ASE. The resource person handled an interactive session about the various non-planar wing concepts along with their pros & cons while implementing in commercial aircrafts. The resource person shared the information about the application of CFD in estimating the performance of C-Wing in commercial aircraft.

In between student's interaction and questionnaire the resource person motivated the students to enrich their Software skills like CFD, Solidworks, and CATIA through different sources. The students were expressed that this webinar was highly useful to them to develop their careers in the aerospace field. Finally, the webinar was ended with a vote of thanks by HOD/AS.
