(Approved by AICTE, New Delhi, Govt. of Karnataka & Affiliated to Visvesvaraya Technological University, Belgaum)

Sponsored by : MOOGAMBIGAI CHARITABLE AND EDUCATIONAL TRUST

2.2.1. The institution assesses the learning levels of the students and organizes special Programmes for advanced learners and slow learners

The institution has a well-structured counseling / mentoring system to assess the learning levels of the student through the Induction / Orientation program organized by the institution for the fresher students. The institution analysis the student's learning ability in the initial stage based on class XII scores and the entrance test. Subsequent year, academic performance, level of attention, involvement in debates, and mid-semester evaluations are adopted to make further judgments in later years of their studies. The Students are considered as Slow learners if they score marks below 50% of the total CIE marks, Assignment marks, and Semester End Examinations. The Students who have obtained marks more than 75% are considered as Advanced Learners. Mentors' observations play a vital role which gives the supplement of the individual observations of the student's.

The institution also orients the students the specific attributes that are expected of them apart from highlighting the various aspects of the institution:

Bridge Courses: For the students joining under the lateral entry system (diploma holders joining the second-year engineering course), the institution offers special coaching, bridge programmes and peer guidance in especially for Mathematics.

Remedial Classes: are conducted with an aim to improve the academic performance of the slow learners.

Classes for Arrear Students: The faculty identifies the Arrear students after the results obtained from University on the basis of performance. The mentors motivate the students to perform better. Extra coaching classes are provided by the concerned faculty members to enhance their academic performance.

Advanced Learners: are encouraged to participate and present papers in various Seminars/ Conferences/ Workshops/ Inter Collegiate Competitions. They are encouraged to participate in various inter collegiate co-curricular activities such as debates, Problem Solving, design competitions etc. Meritorious students from every semester in the respective departments are provided along with a certificate of merit. They are also encouraged to participate in a wide range of activities through student clubs/forums.

The Institution provides an opportunity for faculty to innovate in the TLP of the course and through on campus activities beyond curriculum, to encourage E-learning. For instance: E- Shikshana from VTU, NPTEL Swayam courses, Blended MOOCs with IIT, Open Ended Experiments in Lab courses, Value Added Programmes, Projects for Community Service by AICTE activity points, Live Lecture Programmes (IITM), Student project Exhibition and Awards for best student projects, Facilitating Internships during the semester breaks, Project Based Learning, Innovation labs, Interdepartmental student projects, aim to motivate students to take up all types of Competitive Exams to encourage and guide students to pursue higher studies after their graduation and avenues available for them.

Slow Learners: The slow learners are identified based on performance during CIE (Continuous Internal Evaluation), assignments/tutorials and performance in the SEE (Semester End Examination). Special program in the form of remedial classes is arranged to improve the performance in the courses. The faculty advisory system (Mentoring) is introduced to help and motivate the students to improve their overall academic performance. The departmental Committee which constitutes HOD, and senior Professors also provides advice on academic matters.

REMEDIAL CLASSES FOR ARREAR SUBJECTS

The following students need to attend the remedial classes as per the given time table for the below mentioned subjects **starting from 02 Sept 2019**. The following students have been listed based on **the marks obtained in the VTU 4th semester theory examinations** conducted during Jan/2019. Students are advised to make the best use of the remedial classes. Attendance is mandatory for the remedial classes.

Sl No	Name of the Student	USN
1	AKSHAYA	IAH15ME050
2	HARISH D	IAH16ME017
3	KIRAN GOWDA N M	IAH16ME022

REPORT OF INDUCTION PROGRAMME (2nd Phase) FOR 1ST YEAR STUDENTS OF THE ACADEMIC YEAR 2020-2021 –ONLINE MODE from 3rd May -12th May 2021

OBJECTIVE

ACS College of Engineering, Bengaluru, organized a one week induction program through online mode using MS Teams, for the students of 2nd semester B. E. programs, in line with the AICTE requirements. The objectives of the programme is to make the students feel comfortable in their new environment, open them up, set a healthy daily routine, create bonding in the batch as well as between faculty and students, develop awareness, sensitivity and understanding of the self, people around them, society at large, and nature. The time during the Induction Program is also used to rectify some critical lacunas and sensitize them towards exploring their academic interest and activities, reducing competition and making them work for excellence, build relations between teachers and students and overall personality development. The following major activities were conducted under the induction programme in which the students would be fully engaged during COVID19 pandemic situation. The induction program comprised of interesting activities like motivational speech and review, talent hunt, social sensitization, team building activities, expert lectures, and debate and campus orientation sessions. The rationale for induction was to ensure a smooth transition for the students into the university system.

A total of 286 students participated in this 2nd Phase of the Induction program which was conducted from 3rd May -12th May 2021 and **Dr.M.S.Murali, Principal**, Inaugurated the Programme with motivational speech. Faculty and student volunteers from across programs worked extensively to ensure that the induction was well organized. The following report includes the schedule and brief notes on the various events conducted as per the VTU guideline, notified on 27th April 2021.

1. Universal Human Values.
2. Lecture by Eminent Persons to inform emerging areas of the respective branches in which students have taken admission.
3. Lectures by Eminent Persons on career guidance and scope of their branch.
4. Creative Practices and innovations.
5. Extracurricular activities.
6. Awareness of COVID-19, SOP to be followed, and importance of Vaccination.
7. Physical Health and related activities, Importance of yoga/meditation/physical exercise to keep fit.
8. Arts and Culture
9. Language proficiency modules
10. Literary Activities- writing its summary, and possibly, debating, enacting a play, etc

Respected sir,

Sub: commencement of DIPMAT classes for the Advanced Mathematics-I.

This is to inform that the faculties of the dept. of Mathematics have decided to conduct classes for 18DIPMAT31- Advanced Mathematics- I, from Aug 14th 2019 onwards.

The fundamental concepts, basics, hints and methodologies for studying will also be discussed in the classes. Hence, I request all HOD's of various department to intimate the students. Further the HOD's are also requested to motivate the students to attend the classes and utilize the opportunity and getting benefited to the optimum.

Thanking You,

Yours Sincerely

To
The Principal,
ACS College of Engineering,
Bangalore.

Date: 16/12/2020

Respected sir,

Sub: commencement of DIPMAT classes for the Advanced Mathematics-I.

This is to inform that the faculties of the dept. of Mathematics have decided to conduct classes for 18DIPMAT31- Advanced Mathematics- I, from Dec 24th 2020 onwards in online mode.

The fundamental concepts, basics, hints and methodologies for studying will also be discussed in the classes. Hence, I request all HOD's of various department to intimate the students. Further the HOD's are also requested to motivate the students to attend the classes and utilize the opportunity and getting benefited to the optimum.

Thanking You,

Yours Sincerely

Deepankar
19th March 2021

Prof. Deepankar Choudhury
Organising Chairperson, GATE 2021
(on behalf of NCB - GATE, for MoE)

8528019e79093e272dfdb1e5bc216af6

The GATE 2021 score is calculated using the formula

$$GATE\ Score = S_q + (S_t - S_q) \frac{(M - M_q)}{(\bar{M}_t - M_q)}$$

where,

M is the marks obtained by the candidate in the paper, mentioned on this GATE 2021 scorecard

M_q is the qualifying marks for general category candidate in the paper

\bar{M}_t is the mean of marks of top 0.1% or top 10 (whichever is larger) of the candidates who appeared in the paper (in case of multi-session papers including all sessions)

$S_q = 350$, is the score assigned to M_q

$S_t = 900$, is the score assigned to \bar{M}_t

In the GATE 2021 score formula, M_q is 25 marks (out of 100) or $\mu + \sigma$, whichever is greater. Here μ is the mean and σ is the standard deviation of marks of all the candidates who appeared in the paper.

Qualifying in GATE 2021 does not guarantee either an admission to a post-graduate program or a scholarship/assistantship. Admitting institutes may conduct further tests and interviews for final selection.

Codes for XE and XL Paper Sections (compulsory section and any other two sections)

XE: Engineering Sciences

A - Engineering Mathematics (compulsory)

B - Fluid Mechanics

C - Materials Science

D - Solid Mechanics

E - Thermodynamics

F - Polymer Science and Engineering

G - Food Technology

H - Atmospheric and Oceanic Sciences

XL: Life Sciences

P - Chemistry (compulsory)

Q - Biochemistry

R - Botany

S - Microbiology

T - Zoology

U - Food Technology

Graduate Aptitude Test in Engineering (GATE) 2021 was organized by Indian Institute of Technology Bombay on behalf of the National Coordination Board (NCB) - GATE for the Department of Higher Education, Ministry of Education (MoE), Government of India.
