About the Event

Workshop on Students meet with Infosys Delegates was organized by Computer Science department on 22nd November 2022, Tuesday at 10.30 a.m., in 6th Floor Auditorium, ACS College of Engineering, Bangalore. Resource person Ms.Sahana, Specialist–Learning and Mr.Biligiri, Specialist–Knowledge Management gave the speech on Training and Programmes which Infosys Springboard organizes.

This program focused on the future of India will be shaped by today’s younger generation who need quality education through digital literacy, making them productive and self-reliant citizens. 'Digital literacy' is the skills required to achieve digital competence and use of Information and Communication Technology (ICT) for work, leisure, learning and communication. It does not replace traditional forms of literacy, instead complements and amplifies the skills that form the foundation of traditional forms.

Learners can explore possibility of application of Technologies in real life Java, Python, C#, JavaScript and more. College students and faculty can learn application of horizon 2 technologies from subject matter experts and Architects. Through this training program students gained great knowledge in digital literacy and joined online courses which Infosys Springboard organized.
