**About the Event:**

The Aeronautical Engineering department organized a technical talk on tracking radar systems on 9<sup>th</sup> November 2022. The program was started at 11.00 AM with the welcome speech by Dr.G.Ramanan, HOD and introduction about the guest was given by Mr.Satish Hiremath, AE Department. The resource person handled an interactive session about the major application for the continuous tracking radars has been for the tracking of aircraft and/or missile targets in support of a military weapon- control system. Resource person explained about ISRO Telemetry, Tracking and Command Network (ISTRAC), Bengaluru is entrusted with the major responsibility to provide tracking support for all the satellite and launch vehicle missions of ISRO. At the end of session the vote of thanks was proposed by Mr.Albert Allen, Assistant Professor, AE Dept. The entire programme was co-ordinate with the support of the management, Principal, faculty, Professors and students of the Aeronautical Engineering, ACSCE.
