

DEPARTMENT OF BIOMEDICAL ENGINEERING

Session Report

Session Title	Guest Lecture on Industrial Opportunities For Biomedical Engineers		
Date & Time	30/04/2024	AN	2.30PM to 3.30PM
Key Points Delivered	<ol style="list-style-type: none">1. Global Health2. Collaborations3. Enterprenuership4. Quality control and assurance		
Resource Person	Mr.Bharadwaj Kashyap Proprietor Atulit Enterprise - Bangalore		
Number of Students Present	29		
Snap shot of online event			

The session was to provide a comprehensive range of opportunities for biomedical engineers in Industry. With a focus on serving healthcare fraternities such as hospitals, laboratories and global companies also provide the opportunities. Biomedical engineers have a range of opportunities across various industries, leveraging their unique skill set that combines engineering principles with medical and biological sciences. Here are some key industries where biomedical engineers can find opportunities. The industries demonstrate the versatility of biomedical engineering skills, from research and development to regulatory affairs and clinical applications, all contributing to advancements in healthcare and improving quality of life.
