## Department of Biomedical Engineering

### Alumni Insights

on

### “Exploring Opportunities –Higher Studies and the Medical Devices Job Market in Ireland”

**Topic: Exploring Opportunities –Higher Studies and the Medical Devices Job Market in Ireland**

**Date: 20.03.2025 (Thursday)**

**Time: 2.30 P.M. to 3.30 P.M.**

**Platform : Online Platform (Zoom)**

**Resource Person : Mr.Basavaraj Venkatesh**

**Manufacturing operator – Aerogen**

**Galway - Ireland**

### Programme Objective

The Alumni Talk would explore educational opportunities in Ireland related to medical device engineering, biomedical sciences, and health technologies, identifying key academic institutions and specialisations. It will assess the medical device industry landscape, focusing on major companies, industry trends, and the demand for specific skills. The programme will provide insights into the job market, highlighting career opportunities and emerging roles within the sector. It will also explore the integration of higher education with industry, emphasizing collaboration and pathways to employment through internships and research projects

### Program Outcome

- **Comprehensive Understanding of Educational Pathways**

Participants will gain a clear understanding of the available higher education programmes in Ireland

focused on medical devices, biomedical engineering, and related fields. This includes knowledge of the curriculum, specialisations, and how these programmes align with industry demands.

- **In-depth Insight into the Medical Device Industry**

Graduates of the programme will acquire detailed knowledge about the medical device industry in Ireland, including the leading companies, industry trends, regulatory frameworks, and technological advancements that shape the sector.

- **Enhanced Career Readiness**

The programme will equip participants with the skills, qualifications, and insights needed to navigate and succeed in the medical device job market, including understanding job roles, required competencies, and career progression in the sector.

- **Industry-Academia Integration**

Participants will develop an understanding of how academic programmes in Ireland are designed to work hand-in-hand with industry needs, offering opportunities for internships, work placements, and research collaboration with leading medical device companies.

**Participants: 4<sup>th</sup> & 6<sup>th</sup> students of BME Department**

**Event Co-ordinator:**

**Mrs.Manju Davy, Assistant Professor – BME**

# Feedback Details

How relevant was the session to your career goals? Untitled Question

5 responses

What was your primary reason for attending this talk?

5 responses

How would you rate the expertise and clarity of the alumni speaker?

5 responses

Which part of the session was most helpful to you?

5 responses

Was the information on higher studies in Ireland detailed and useful?

5 responses

Did the talk provide clear insights into job opportunities in the medical device industry?

5 responses

How engaging and interactive was the session?

5 responses

What improvements would you suggest for future alumni talks?

5 responses

# Basavaraj Venkatesh

Galway, Ireland | +353 0851454409 | [basavarajvenkatesh17@gmail.com](mailto:basavarajvenkatesh17@gmail.com)

[linkedin.com/in/basavaraj1917](https://www.linkedin.com/in/basavaraj1917) (Stamp 1G)

## PROFILE | CAREER OBJECTIVE

An enthusiastic biomedical master's degree graduate who presently has two years of experience in the field of manufacturing and research to drive innovation and efficiency in the production of high-quality medical devices. Committed to contributing to the development of cutting-edge technologies while ensuring regulatory compliance and operational excellence within a dynamic manufacturing environment.

## WORK EXPERIENCE

Aerogen @ M&M Qualtech Galway, Ireland  
Production Operator Feb 2025 – Present

- Involved in the manufacturing and assembly of neonatal and adult nebulizers for global markets.
- Ensuring compliance with FDA and EU regulations for medical device manufacturing.
- Conducting quality control checks and ensuring adherence to Good Manufacturing Practices (GMP).

CURAM, SFI Research Center for Medical Devices Galway, Ireland  
Research Intern Aug 2023 – Aug 2024

- Collaborated with the University of Galway to design Phononic and Fresnel lenses for Acoustic powering of Ultrasound Implants.
- Multi-use Tracheal Balloon Catheter for Tracheal stenosis in infants.
- Design, fabrication, and performance analysis of porous PLA Scaffolds in Bone tissue engineering.

VIMS Research Center of Medical Sciences Bengaluru, India  
Biomedical intern June 2021 – June 2023

- Trained with the assembly of medical devices and performed detailed analysis with a project team working on wearable Electrocardiogram monitoring for patients with arrhythmia condition.
- Involved with the GE Signa LX 1.5T MRI study in the Radiology unit.

University of Galway Galway, Ireland  
MSc Biomedical Engineering Aug 2023 – Aug 2024

Grade: 2:1
