“Soft Skills & Interview Skills”

Topic: Soft Skills & Interview Skills

Date: 26.03.2025 (Wednesday)

Time: 10.30 A.M. to 11.30 A.M.

Resource Person : Mrs. Shwetha Rajeev

Founder & Director

Eshnath Institute of Learning & Empowering Skills Bangalore

Programme Objective

Soft skills and interview skills program is to enhance participants' communication, interpersonal, and problem-solving abilities, enabling them to navigate professional environments effectively. It aims to build confidence and poise, helping individuals present themselves with clarity during interviews and other professional interactions. The program focuses on developing emotional intelligence, team collaboration, and adaptability, key components for workplace success. Additionally, it trains participants in handling common interview questions and preparing tailored responses to make a strong impression. Ultimately, the goal is to empower individuals to perform confidently in interviews and excel in both personal and professional settings.

Program Outcome

Soft Skills:

1. Effective Communication:

- Participants will demonstrate the ability to express ideas clearly and listen actively in both verbal and non-verbal communication.
- They will adapt their communication style to different audiences, including peers, supervisors, and clients.

2. Teamwork and Collaboration:

- Learners will show an understanding of team dynamics and how to work effectively in diverse groups.
- They will develop strategies for resolving conflicts and contributing positively to team goals.

3. Emotional Intelligence (EQ):

- Participants will recognize and manage their own emotions and empathize with others in workplace settings.
- They will apply emotional intelligence techniques to build positive relationships with colleagues and clients.

4. Problem-Solving and Critical Thinking:

- Learners will enhance their ability to analyze situations, think critically, and find practical solutions to challenges.
- They will demonstrate the ability to make informed decisions using logical reasoning and creativity.

5. Time Management and Organization:

- Participants will show the ability to prioritize tasks, set goals, and manage their time efficiently.
- They will utilize tools and techniques to stay organized, meet deadlines, and maintain a healthy work-life balance.

Interview Skills:

1. Understanding the Interview Process:

- Participants will gain a comprehensive understanding of various types of interviews (e.g., behavioral, technical, panel) and their structure.
- They will know how to prepare effectively for interviews by researching companies, understanding job descriptions, and practicing potential questions.

2. Mastering Interview Responses:

- Learners will be able to craft clear, concise, and impactful answers to common interview questions, including the STAR (Situation, Task, Action, Result) technique.
- They will confidently articulate their experiences, qualifications, and skills in relation to the position.

3. Building a Strong Personal Brand:

- Participants will enhance their ability to present themselves positively, professionally, and authentically during interviews.
- They will learn how to convey their strengths, values, and career goals to align with employer expectations.

4. Non-Verbal Communication Awareness:

- Learners will recognize the importance of body language, posture, and eye contact in creating a positive impression during interviews.
- They will practice presenting a confident and professional demeanor through non-verbal cues.

5. Handling Difficult Situations:

- Participants will develop strategies for managing difficult interview scenarios, such as addressing gaps in employment, discussing weaknesses, or handling challenging questions.
- They will learn how to stay calm under pressure and turn negative aspects of their background into opportunities for growth.

Participants: 2nd, 4th & 6th students of BME Department

Event Co-ordinator:

Mrs. Manju Davy, Assistant Professor – BME
