INDUCTION PROGRAM 2025-2026

DATES: 08th September 2025 to 13th September 2025

The induction program 2025 was successfully conducted from 08th September 2025 to 13th September 2025 at ACS College of Engineering, welcoming the newly admitted students into the academic year with enthusiasm and commitment.

The program aimed to familiarize students with the institution's vision, mission, academic structure, and various support systems available for their overall growth.

A variety of sessions were conducted, including:

- Orientation on academic regulations and examination systems
- Motivational talks by eminent speakers
- Sessions on life skills, communication skills, and universal human values
- Effective sessions on kannada literature and Environmental pollution
- Familiarization to department / branch and innovations
- Local place visit : Art of living

The event featured interactive workshops, team-building activities, and awareness sessions on ethics, professional conduct and social responsibility.

The successful completion of the induction program was made possible through the efforts of faculty members, guest speakers, student volunteers, and the active participation of the students. The program created a strong foundation for the student's journey at ACS, inspiring them to achieve academic excellence and holistic development.

INDUCTION PROGRAM

Session	Inauguration of Students' Induction Programme 2025-26
Date & Time	08-09-2025 Time: 8:30 AM to 4:00 PM
Name of the Resource Person	Dr. Guru Prasad A. S. Bosch Global Software Technologies (BGSW)
About the Session	Day one of the Student Induction Program Morning Session: 8:30 AM to 1:00 PM Anchor: Mrs. Lavanya P.G. Assistant Professor, Department of Chemistry and Mrs. Sushmitha B.C. Assistant Professor, Department of ECE Invocation: Mrs. Iramma V. H. Assistant Professor, Dept. of Basic Science Welcome Speech: Dr. Anandathirtha B. Gudi, The Principal Lighting of the Lamp: Dr. Anandthirtha B. Gudi, The Principal, Dr. S. Usha, Vice-Principal, Dr. A. K Mariappan, the Rector, Dr. Guru Prasad A. S., The Chief Guest, Dr. S. Meenakshi Sundaram, Registrar, Dr. M. S. Shivakumar, HOD Dept. of Chemistry & First Year Co-ordinator, Dr. Pradeep Kumar K.T. HOD Dept. of Mathematics and Program Co-Ordinator, Dr. Anandhi D.V. HOD Dept. of Physics and HODs – ACSCE Introduction of Chief Guest: Dr. Pradeep Kumar K.T. Program Co-Ordinator Inaugural Talk by the Chief Guest: Dr. Guru Prasad A. S The chief guest Dr. Guru Prasad A. S addressed the students and talked about the General Awareness of the Engineering Course and told the knowledge is unlimited and unbound by the time by quoting "What You have learned is a handful, what you haven't learned is world's size" by Awaiyar Tamil Poet. In addition, he also explained the students need to adopt good communication skills and importantly soft skills and AI tools to achieve their goal.

	Vote of Thanks: Dr. M. S. Shivakumar, HOD Dept. of Chemistry & First Year Co-ordinator Lunch Break: 1:00PM to 2:00PM Noon Session: 2:00PM to 4:00PM After the lunch break the program was continued with two sessions by Dr. S. Meenakshi Sundaram, Registrar, ACSCE. Topic: “Information on AICTE norms and Grading” Timings: 2:00PM to 3:30PM This is an informative session providing the details of credit-based system and AICTE activities. The lecture informed the students that success is a goal that many individuals aspire to achieve. However, the path to success is not always straightforward. It requires hard work, perseverance, and the adoption of certain key principles. Familiarization of ACSCE and NEP: 3:30PM to 4:00PM Students were introduced to all the Departments and Labs headed by respective Branches HODs and Faculties.

Chief Guest profile

Dr. Guru Prasad A. S. is a Distinguished Technologist with a Ph.D. in Sensors and IoT Systems from the Indian Institute of Science (IISc), Bangalore. He has contributed significantly to science and technology in both academia and industry, collaborating with global teams to advance innovation. He is the recipient of the National Award – Prof. Selvarajan’s “Young Scientist in Photonics” (2009) from the MHRD, Government of India. Dr. Prasad has authored 40+ peer reviewed publications, filed 50+ patents with commercial value across India, the US, and international patent offices, and has guided more than a dozen Ph.D. and Master’s students. His expertise lies in Sensors, IoT, Edge Computing, AI/ML, and Advanced Data Analytics with applications in Automotive, Aerospace, Agriculture, and Consumer domains. He is widely recognized for shaping Innovation and Technology Strategies, nurturing innovation culture, and developing IP assets aligned with organizational goals. Dr. Prasad also contributes as a reviewer for leading international journals such as IEEE Transactions, IEEE Sensors, Journal of Biomechanics, Sensors and Actuators-B, and Experimental Mechanics. He actively serves on Boards of Syllabus and Evaluation across universities, helping bring impactful academic directions, and volunteers as a jury panelist for reputed institutions and programs including IETE, NASSCOM, Smart Hackathon India, Startup 1000 India, and Atal Innovation Mission (AIM). Presently, Dr Prasad is responsible for driving Technology Strategy and Innovation Roadmaps in Sensors, Edge IoT, and Connectivity at Bosch Global Software Technologies (BGSW).

MR. LOKESH B S

Sri Lokesh B M holds a BE in Chemistry from Bangalore University and a postgraduate diploma in Foreign Trade Management.

Sri Lokesh B M has 10 years of experience in soft skills training, sales and marketing, innovation and entrepreneurship development programs, and 20 years in marketing and manufacturing of basic chemicals. They have run a small-scale industry and worked on bioenergy and green energy generation from agro and bio wastes.

As a trainer and area manager at World Book International, I taught sales and marketing techniques for educational products. I trained over 200 consultants and built a team of 100 members, reaching sales targets efficiently. I also trained financial advisors and marketing executives in life insurance, finance, and healthcare products. I delivered IMPACT lectures to IIC Institutions on topics like innovation and entrepreneurship.

Sri Lokesh B M successfully supervised sales personnel, implemented marketing strategies to increase market share and retain customers, developed marketing strategies, developed sales reports, and developed training programs for marketing managers and executives. They also analysed the company's product or service, found new ways to secure customers, and improved client retention rates.

SESSION - III

SESSION TITLE	Connecting with Literature and understanding the pleasure of Reading
DATE & TIME	11-09-2025 TIME: 2:00PM to 4:00 PM
NAME OF THE RESOURCE PERSON (ATTACH. ONE PAGE RESUME)	Mr. Raghunath Cha. Ha. Author & Journalist
KEY POINTS DELIVERED	Choose stories that grow your interests: Select stories that match your pleasures, passions, and interests. This increases the joy you get from reading. Comfort and Peace: Choose a comfortable and quiet place to read. This helps relax your mind and brings more enjoyment to your reading experience. See reading as a joyful journey, not just a task: Don't see reading as just another chore. Experience it as a source of true joy and knowledge. This makes reading more enjoyable. Build a connection with literature Make literature a part of your life: Include stories, poems, and other literary works in your daily routine. This deepens your relationship with literature. Engage in literary discussions: Take part in conversations about books with friends and others. This expands your thinking and gives you a deeper understanding of literary works. Explore cultural contexts: Learn about the authors and the background of their stories. This helps you gain a richer understanding of literary works. Enhance the joy of reading Get inspired: Learn about authors or the stories themselves to stay motivated to read. This encourages and enhances the joy of reading. See reading as more than a task: Don't treat reading as a mere obligation, but enjoy it as a meaningful source of knowledge and happiness. Comfort and peace: Choose a calm and pleasant place to read. This helps soothe your mind and enhances the joy of reading.

During this time, I visited important cities in West Germany and also went to the UK, France, and Luxembourg for general studies. During 2011-12 attended workshop at Singapore on Electronic Waste Recycling. During 2012-13 attended workshop at China on Electronic Recycling Asia and also visited Macaw, Hang Kong, and Malaysia to study on Waste to Energy (Electricity production) at Singapore and Municipal Solid Waste disposal facility. During 2013-14 visited Germany, Austria, France, Switzerland and Dubai to study about the recycling of E-waste, Hazardous Waste and Municipal Solid Waste etc. I also studied how Plastic Waste can be reused as a fuel in Steel Mills in Austria. During 2017-18 I personally went on a study tour to the USA to study

SESSION REPORT

Visit to Art of Living Kanakapura Road

DATE: 13-09-2025

TIME: 9AM to 4PM

Type of Event: Students' Induction Program

1. Event: Local place visit
2. Venue: Art of Living Kanakapura road
3. No. of students: 320
4. Event Description:

The first year students of all branches (AE, AS, BME, CSE, CSE-CY, CSE-IOT, CSE-DS, AIML, ECE) of Engineering and the basic science faculties visited Art of Living on 13th September as a part of Students' Induction Program. 280 students from all branches visited Art of Living Kanakapura road. The college provided five buses for the travel facility. All the class teachers and the faculty of Basic Science Department accompanied the students. The students experience meditation benefits and self-development skills. The place is very calm which is surrounded by a beautiful nature.

The Art of Living is a non-profit organization founded in 1981 by Gurudev Sri Sri Ravi Shankar, aimed at promoting mental well-being, inner peace, and stress-free living. It offers practical tools such as **yoga, meditation, and breathing techniques**—most notably the **Sudarshan Kriya**—to help individuals manage stress, improve focus, and lead healthier lives.

As part of the college induction program, The Art of Living sessions are designed to help students cope with academic pressure, enhance concentration, and develop emotional resilience. These workshops also encourage values like teamwork, empathy, and a positive mind-set, which are essential for personal and academic growth.
