

**ACS** College of Engineering

Approved by AICTE New Delhi, Affiliated to VTU, Belagavi  
(A Unit of RajaRajeswari Group of Institutions)  
CET Code : E186 COMED-K : E003 PGCET : T918

## Department of Electronics and Communication Engineering

### IETE Student Forum Inaugural

**Venue:** Seminar Hall, 3rd Floor, ACSCE

**Date:** 20th November 2025 (Thursday)

**Time:** 10.00 A.M. to 2.00 P.M.

**Chief Guest:** Dr. C. V. Ravishankar

Chairman IETE- Bangalore Centre

**Guest Of Honor:** Mr. Harsha Anjanappa FIETE

Senior Technology Architect, Accenture

### Program Objective

- To officially launch the IETE Students Forum at ACSCE.
- To create opportunities for students to participate in technical seminars, workshops, and competitions.
- To encourage industry-academia interaction by inviting distinguished professionals.
- To strengthen student involvement in research and innovation activities.

### Program Outcome

- Official formation of the IETE Students Forum at ACSCE.
- Increased enthusiasm among students to participate in technical activities.
- Strengthened collaboration between ACSCE and IETE Bangalore Centre.
- Motivation for students to enhance their engineering and research skills through upcoming programs.

**Participants:** 2<sup>nd</sup>, 3<sup>rd</sup> year students of Department of ECE

**Convener:**

Dr S M Vijaya, Prof & HOD - ECE

**Event Co-Ordinator:**

Mrs. Chandrabhaga Patil, Assistant Professor – ECE

Mr. Praveen A Patil, Assistant Professor -ECE

<b>Event outcomes</b>	
<b>POs</b>	<b>PO1, PO2, PO3, PO5, PO6, PO10, PO12</b>
<b>PSOs</b>	<b>PSO1, PSO2</b>

## FeedBack

The program helped to apply the knowledge of mathematics, science, engineering fundamentals, and computer science and business systems to the field of computer engineering and societal problems. 22 responses

The program helped to identify, formulate, review research literature and analyze complex engineering and business problems involving mathematics, natural sciences, and engineering sciences. 22 responses

The program helped to design solutions for complex engineering problems and design system components or processes that meet the specific needs, safety, societal and environmental considerations. 22 responses

The program helped to use research based knowledge and research methods including design of experiments, analysis and interpretation of data, application of the information to provide valid conclusions. 22 responses

The program helped to create, select, and apply appropriate techniques, resources, and modern engineering and IT tools including prediction and modeling activities with an understanding of the limitations. 22 responses

The program helped to apply reasoning informed by the contextual knowledge to assess societal, health, safety, legal and cultural issues and the go-to professional engineering and business practices. 22 responses

The program helped to understand the impact of the professional engineering solutions in business, societal and environmental contexts, and demonstrate knowledge of and need for sustainable development. 22 responses

The program helped to demonstrate knowledge and understanding of the engineering, business and management principles and apply these to solve complex problems in multidisciplinary environments. 22 responses

The program helped to apply ethical principles and commit to professional ethics and responsibilities and norms of the engineering and business practices. 22 responses

The program teaches to function effectively as an individual, and as a member or leader in diverse teams, and in multidisciplinary settings. 22 responses

The program helped to communicate effectively on complex engineering activities with the engineering community and with society at large, including endorsement, and give and receive clear instructions. 22 responses

The program helped to recognize the need for, and have the preparation and ability to engage in independent and life-long learning in the broadest context of technological change. 22 responses
