Report On Alumni talk

Name of event :-Alumni talk on building a successful career in Electronics and communication engineering

Date of event :-06th January 2024

Place of event :- ACS College of engineering

Organized by :- Electronics and Communication Engineering department

Resource person:- Mr.Sanjay prasad (packaged APP development senior analyst, Accenture ,Bengaluru)

Introduction:-“The Alumni Talks provide a medium for the alumni to give back to the institute by imparting their experience to the students and preparing them for the real world. The topics of these guest lectures are spread all over ranging from personality development to department- related technical lectures”.

Alumni are great role models for current students and are often well placed to offer practical support to students as they start their careers. Alumni are often in the position to engage the expertise of the institution in their professional lives.

Description :-

The Department of Electronics and communication engineering conducted a alumni talk on building a successful career in Electronics and communication engineering on the date of 6th January 2024. The resource person for the event was Mr.Sanjay prasad (Old student of ACS college of engineering).

Mrs.Bharathi Gururaj, HOD of Electronics and communication department welcomed the gathering and introduced the chief guest to the audience. Mr.sanjay prasad is the package app development senior analyst, Accenture Bengaluru.

The program was presided over by the Mr. Sanjay prasad. He gave a introduction about what is alunmi and why it is very much important. He discussed about the struggle in the corporate society. He discussed about his college days in ACS college of engineering.

Topics covered:-

- What is alunmi ?
- Importance of alumni.
- Struggle in corporate society.
- How to build successful career?
- Tips and strategies for students.

Conclusion:-

After successful completion of the session we got an idea on landscape of IT industry.
