Report on TECHNOVATION

Name of event :- Technology and Innovation

Date of event :- 22-12-2023 Friday

Place of event :- 3rd Floor Seminar Hall

Organized by :- Electronics and Communication Engineering department

Resource person :- Mr. Sunil Kumar P

Introduction:-

- We had one beautiful event which actually brought us information more about what is innovation.
- There was a brief description of innovation and its type.
- Innovation is something that brings one new update to the world and also into people's life.
- Technologies helps us in many varieties of ways and so does the innovation too!
- When the Technologies are innovated into something new, that indeed helps us in many ways as well.

TECHNOVATION:

- “Technovation” is actually one nice word which gives a beautiful meaning.
- It helps us in many ways namely:
 - Less Time Consumption.
 - Work gets easier and faster
 - Life gets a bit easier

CONCLUSION:

- The best part of the event was that Mr Sunil Sir told 2 words which actually hit really hard .
- He said when you try to do something , fail fast.
- That was actually the best part of the entire event .
- It was something like a motivation for all of us.
- We were even asked to make mini project based on ELECTRONICS AND COMMUNICATION.
- By making these project we got to learn many things about the components, connections, circuits and many more.
- Thank you for organizing such a beautiful event and giving us a chance to make projects on electronics based.
