## *Report On Technical talk*

**Name of event** :- *Technical talk to students on higher studies in abroad.*

**Date of event** :- *19th December 2023*

**Place of event** :- ACS College of engineering

**Organized by** :- Electronics and Communication Engineering department

**Resource person** :- *Mr. Abhilash Kaparathi (Nestlings Inc-study overseas consultants,*

*Bengaluru)*

**Introduction:** Study abroad” is a chance to pursue your college studies in a foreign country. Students attend lectures or carry out research at a foreign university or through their home university's study-abroad program. Participants typically live in a residence hall, apartment, or with a local family through a homestay. Some students enroll in an international program for a semester or a year, but others take the full plunge and earn their entire degrees in a different country.

**Description** :- The Department of Electronics and communication engineering conducted a technical talk on importance of higher studies in abroad on the date of 19 December 2023. The resource person for the event was Mr. Abhilash Kaparathi, Marketing manager of Nestlings Inc-study overseas consultants.

Dr. Prajith prakash Nair, faculty of Electronics and communication department welcomed the gathering and introduced the chief guest to the audience. Mr. Abhilash is the Marketing manager of Nestlings Inc-study overseas consultants.

The program was presided over by Mr. Abhilash Kaparthi. He gave a brief explanation about his consultancy and the work the consultancy has been done from past years. He discussed about some universities in abroad which are well and good for higher studies.

### Topics covered:-

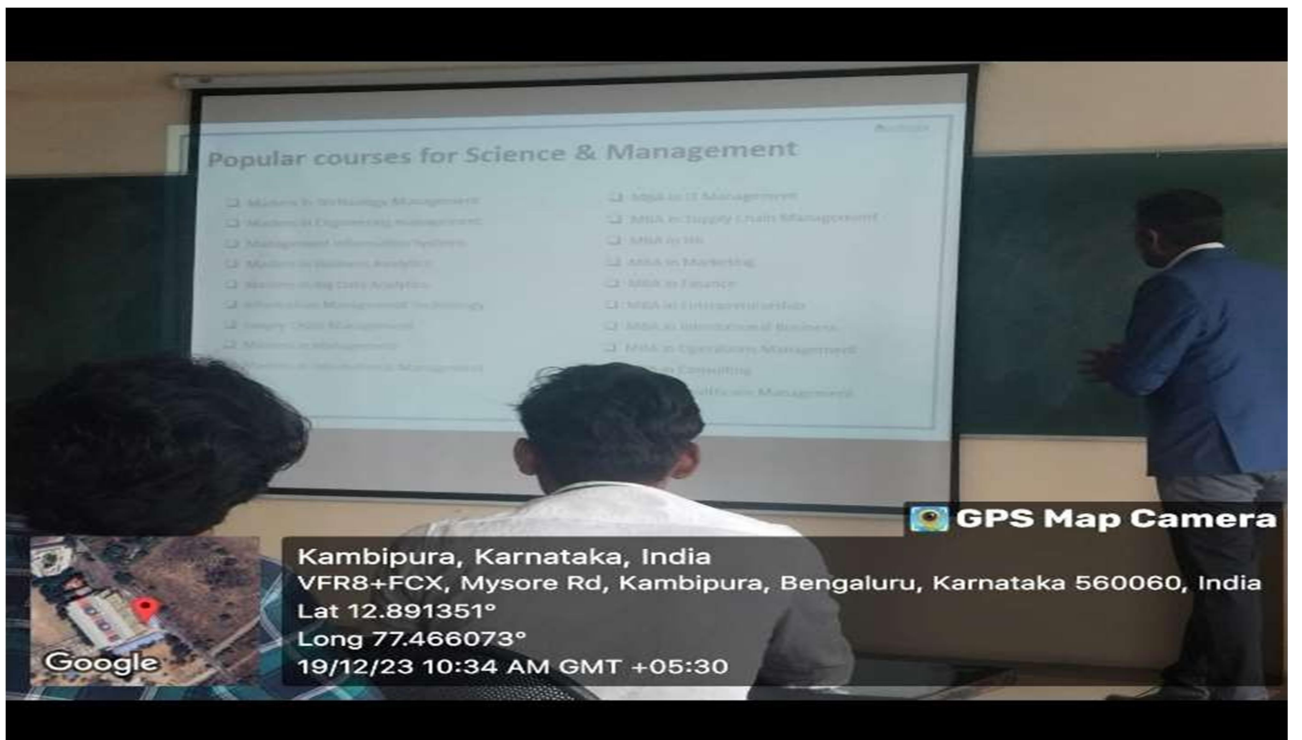

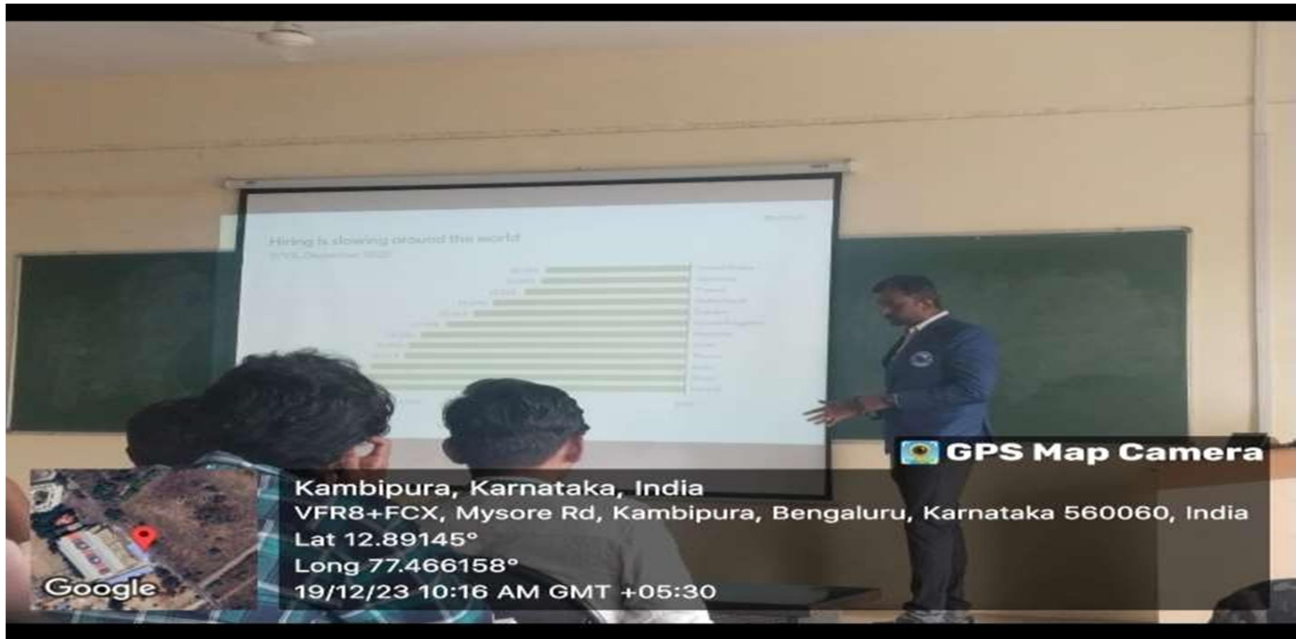

- Why masters?
- Why masters abroad?
- What are the requirements?
- When to apply?
- What is the process?
- Popular courses
- About Nestlings

### Conclusion:-

After successful completion of the session we got to know the importance of higher studies in abroad after completing our undergraduate degree.
