"Biomedical Engineers Day"

Topic: **Biomedical Engineers Day Celebration**

Date: **04.12.2025 (Thursday)**

Time: **9:00 A.M. to 4.00 P.M.**

Program Objective:

The objective of the Biomedical Engineers Day Celebration is to recognize and appreciate the vital contributions of biomedical engineers in advancing healthcare technology and improving patient outcomes. This program aims to create awareness about the scope and significance of biomedical engineering, inspire students through expert sessions, demonstrations, and interactive activities, and provide a platform to showcase innovative projects and ideas. By encouraging collaboration among students, faculty, clinicians, and industry professionals, the celebration seeks to strengthen interdisciplinary understanding and motivate participants to pursue meaningful advancements in medical devices, diagnostics, and healthcare solutions.

Program Outcome:

1. **Enhanced Understanding of Biomedical Role** – Gained deeper insight into the contributions of biomedical engineers in improving healthcare and patient outcomes.
2. **Exposure to Emerging Technologies** – Learned about current innovations, tools, and advancements in biomedical engineering.
3. **Improved Collaborative Skills** – Engaged with faculty, peers, and professionals, strengthening teamwork and communication.
4. **Motivation for Innovation** – Developed interest in pursuing creative projects, research work, and practical applications in the biomedical field.
5. **Increased Professional Awareness** – Understood the ethical responsibilities and career opportunities within the biomedical engineering domain.

6. **Hands-on Learning Experience** – Gained practical exposure through demonstrations and interactive activities related to medical devices and technologies.
7. **Strengthened Problem-Solving Skills** – Improved ability to analyze healthcare challenges and explore engineering-based solutions.
8. **Enhanced Industry Readiness** – Became familiar with real-world expectations, standards, and workplace practices in the biomedical sector.
9. **Better Understanding of Interdisciplinary Integration** – Recognized how engineering, biology, and medicine work together to develop effective healthcare solutions.
10. **Improved Communication Skills** – Developed confidence in presenting ideas, discussing innovations, and participating in technical conversations.

About the Event:

The Biomedical Engineers' Day 2025 was organized by the Department of Biomedical Engineering, ACS College of Engineering, Bengaluru, on 4th December 2025, from 9:00 AM to 4:00 PM at the 3rd Floor Seminar Hall, ACSCE. The event was conducted in collaboration with professional bodies such as IEEE and IEEE EMBS, with the objective of promoting awareness, innovation, and professional excellence in the field of biomedical engineering.The program was graced by eminent dignitaries including Dr. Shyam Vasudeva Rao, Founder and Director of Forus Health Pvt. Ltd., as the Chief Guest, and Dr. Prakash M. S, Professor and HOD, Department of Nephrology, RajaRajeswari Medical College & Hospital, as the Guest of Honour. The event was held under the guidance of respected management and academic leaders, including the Chief Patron, Co-Patron, Executive Director, Principal, Vice Principal, and the Head of the Department of Biomedical Engineering. Major highlights of the celebration included the Project Expo, where students showcased their innovative biomedical projects, and the BME Health Check-up, which emphasized the social responsibility of biomedical engineers toward community health. These activities provided students with an excellent platform to demonstrate technical skills, creativity, and teamwork.

The event was successfully coordinated by faculty members and student coordinators, with enthusiastic participation from students and staff. Overall, the Biomedical Engineers' Day 2025 was a grand success, fostering academic growth, professional interaction, and increased awareness of the vital role of biomedical engineers in healthcare and society.

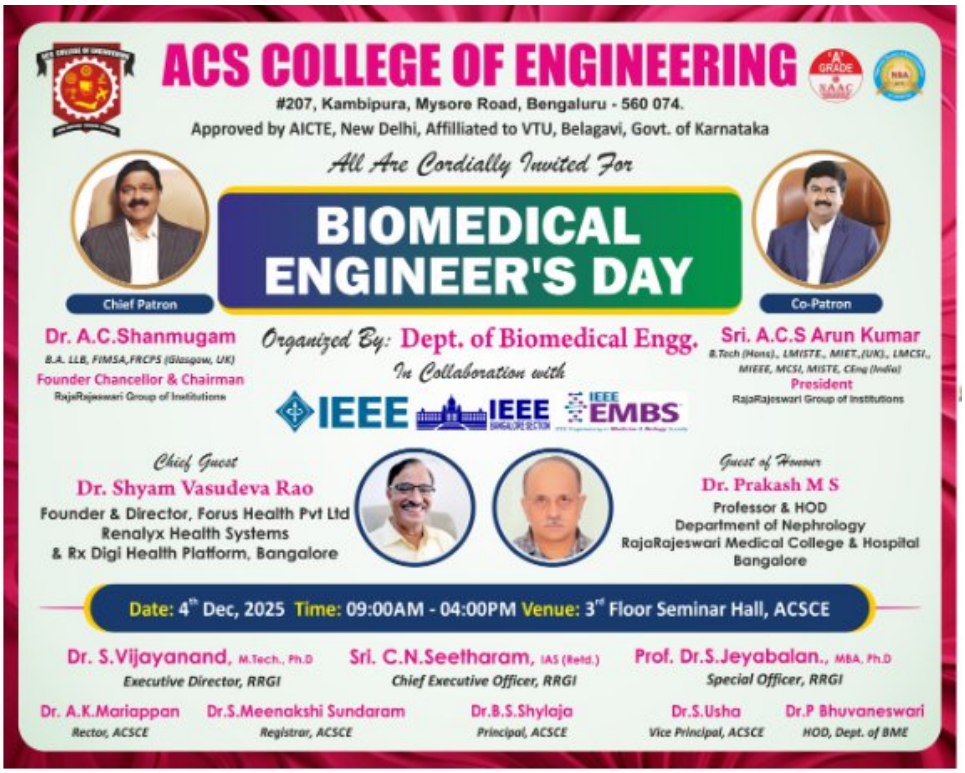

Participants: **1st , 3rd , 5th , 7th Semester Students of BME Department**

Event Co-ordinator:

Mrs. Nagashree Pavan , Assistant Professor – BME

Mr Abhishek K , Assistant Professor – BME

SDG Mapping

Sustainable Development Goals (SDGs) connected to Biomedical Engineers Day – Project Expo & Health Check-up event

SDG 3 – Good Health and Well-being

Directly addressed through the BME Health Check - up program, promoting preventive healthcare, early diagnosis, and overall well-being of students and staff.

SDG 4 – Quality Education

The Project Expo enhances practical learning, innovation, and technical skills among students, supporting inclusive and quality technical education**.**

SDG 9 – Industry, Innovation and Infrastructure

Biomedical projects encourage technological innovation, medical device development, and research-based problem-solving.

SDG 10 – Reduced Inequalities

Free or accessible health check-ups help reduce healthcare access gaps among different social and economic groups.

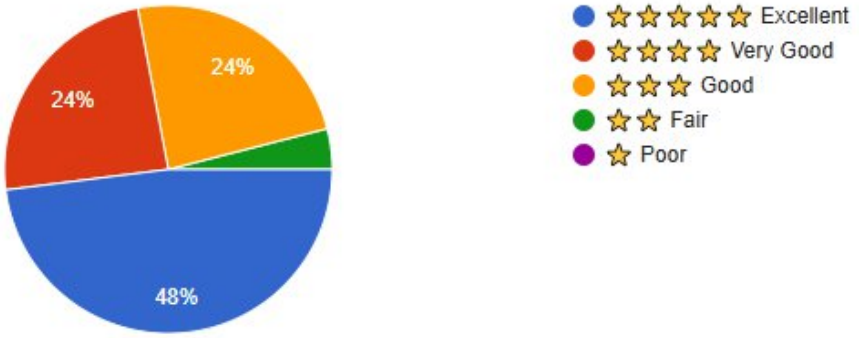

SDG 17 – Partnerships for the Goals

Involvement of faculty, students, healthcare professionals, and IEEE/technical bodies reflects strong academic and professional collaboration.
