Hospital Visit

to

"RajaRajeswari Medical College & Hospital - Bangalore"

Topic: Hospital Visit – RRMCH Bangalore

Date: 06.11.2025 (Wednesday)

Time: 10.00 A.M. to 4.00 P.M.

Programme Objective

The objective of the hospital visit to RRMCH was to provide students with firsthand exposure to real-time clinical environments and hospital operations. It aimed to help them understand the functioning of various medical departments and the role of healthcare professionals in patient care. The visit was designed to bridge the gap between theoretical learning and practical application by observing biomedical equipment, diagnostic procedures, and patient management systems. It also sought to enhance students' knowledge of modern healthcare technologies and their relevance to academic concepts. Overall, the programme intended to develop professional awareness, practical understanding, and motivation for future learning in the healthcare domain.

Program Outcome

1. Students gained practical exposure to clinical departments and understood real-time hospital workflows.
2. They developed a clearer understanding of biomedical and diagnostic equipment used in patient care.

3. The visit helped bridge the gap between classroom concepts and actual healthcare practices.
4. Students improved their awareness of professional roles, responsibilities, and interdepartmental coordination in a hospital setting.
5. The experience enhanced their confidence, communication skills, and motivation to pursue further learning in healthcare and biomedical fields.

During the hospital visit, **SDG 3 (Good Health and Well-being)** was fulfilled by providing students with exposure to real-world healthcare practices, preventive care methods, and patient management systems that promote overall well-being. **SDG 4 (Quality Education)** was achieved by offering experiential learning, enhancing practical knowledge, and connecting academic concepts with clinical applications. **SDG 9 (Industry, Innovation, and Infrastructure)** was met through the observation of advanced medical technologies, modern diagnostic equipment, and well-developed hospital infrastructure that reflect innovation in healthcare services.

Participants: 5th semester students of BME Department

Event Co-ordinator:

Mrs. Manju Davy , Assistant Professor – BME

Feed Back

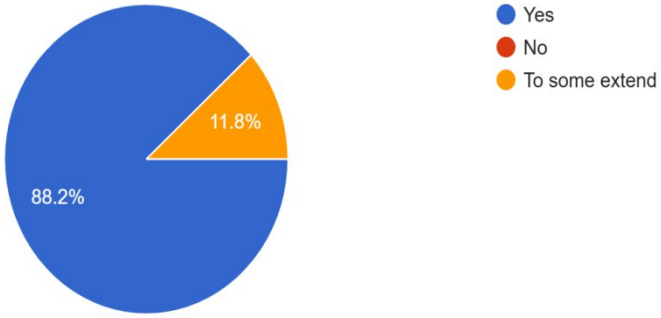

How would you rate the overall coordination of the hospital visit?

17 responses

Did the visit help you understand the hospital departments and facilities better?

17 responses

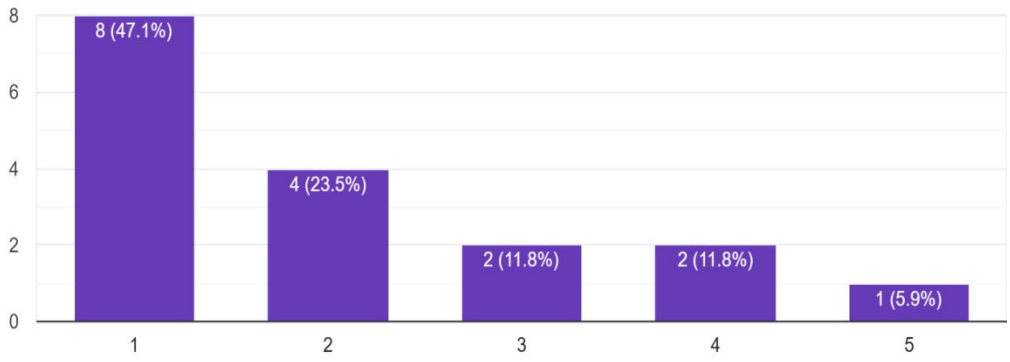

Which department or area did you find most informative?

17 responses

Neurology
ICU
Urology
Hemodialysis Machine
Nicu
All
Everything
Neuro Science area
Neuroscience

How would you rate the cleanliness and infrastructure of the hospital?

17 responses

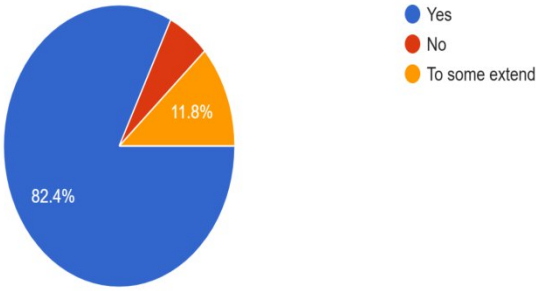

Were the demonstrations/explanations provided by the medical professionals useful?

17 responses

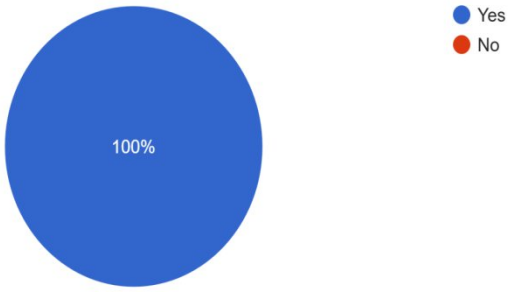

Did the visit enhance your understanding of biomedical/medical equipment used in hospitals?

17 responses

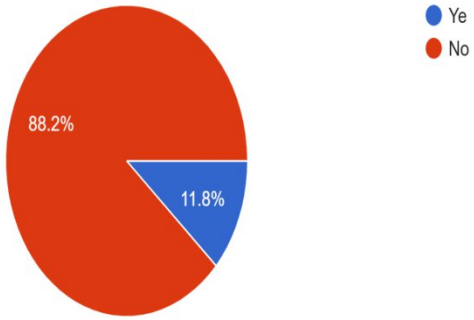

Was the time allotted for each department sufficient?

17 responses

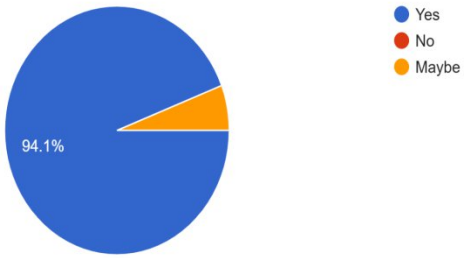

Did you face any difficulties during the hospital visit?

17 responses

Would you recommend similar visits for other students?

17 responses
