Principal: Dr. B. S. Shylaja

REPORT

1. About the Celebration

Dr. ACS College of Engineering organized the Teachers' Day & National Engineers' Day Celebration 2026 as an institutional programme to honour the teaching fraternity and acknowledge the role of faculty members in academic excellence, mentoring, research, innovation, student development and institutional service. The programme combined formal appreciation with interactive faculty engagement activities, creating a positive and collegial environment for celebration and team bonding.

The celebration commemorated the birth anniversary of **Dr. Sarvepalli Radhakrishnan** and honor the birth anniversary of **Sir. M visvesvaraya** and reflected the institution's gratitude towards teachers for their continued dedication to education and student development. The geo-tagged photographs supplied for this report document the programme activities conducted on 09 October 2026.

2. Objectives

- Recognize and appreciate the dedication, commitment and academic contribution of faculty members.
- Celebrate the spirit of Teachers' Day and strengthen mutual respect across departments.
- Promote faculty interaction, team bonding and a positive workplace culture through participatory activities.
- Encourage recognition of academic excellence, including faculty members who achieved 100% results in the Academic Year 2025-2026.
- Create institutional documentation of the celebration through photographs and appreciation certificates.

3. Programme Overview

The programme included a formal commencement, faculty participation in interactive and team-building games, informal engagement across departments, prize distribution for activity winners, and recognition of academic achievement through certificate distribution. The activities were designed to be inclusive, enjoyable and respectful, while reinforcing the importance of teachers as mentors, facilitators and institutional contributors.

4. Official Event Poster

The following poster was used to invite and inform faculty members about the Teachers' Day & National Engineers' Day Celebration 2026 conducted at Dr. ACS College of Engineering.

5. Conduct of the Teachers' Day & National Engineers' Day Celebration

The celebration began with a ceremonial inauguration and then moved into faculty-focused fun and team-building activities. Balloon-based games, interactive engagement rounds and participation-oriented activities encouraged coordination, involvement and camaraderie among faculty members. Later, prizes were distributed to selected winners, followed by certificate distribution to acknowledge academic excellence and notable faculty contribution.

The programme also provided space for faculty interaction and appreciation. Coordinators facilitated the activities and encouraged active participation from both women and men faculty members.

6. Event Proceedings - Photographic Evidence

6.1 Games and Faculty Engagement Activities

The interactive segment of the programme focused on faculty participation, recreation and team bonding.

Figure 10. Certificate distribution to faculty achievers.

8. Outcomes and Institutional Impact

- The celebration provided a dedicated institutional platform to appreciate faculty contribution and academic commitment.
- Interactive activities strengthened faculty bonding, communication and a sense of collegiality across departments.
- Prize distribution encouraged enthusiastic participation and added a celebratory dimension to the programme.
- Recognition of 100% result achievers highlighted academic excellence and reinforced a culture of performance and appreciation.

9. Sustainable Development Goals (SDGs)

The Teachers' Day Celebration supports SDG 3 - Good Health and Well-being by encouraging positive social interaction and workplace well-being; SDG 4 - Quality Education by recognizing teachers and academic excellence; SDG 8 - Decent Work and Economic Growth through a supportive professional environment; and SDG 17 - Partnerships for the Goals through institutional collaboration and participation across departments.

10. Conclusion

The Teachers' Day Celebration 2026 at Dr. ACS College of Engineering was organized as a meaningful faculty appreciation and engagement programme. The ceremonial inauguration, interactive games, prize distribution and certificate-based recognition collectively created a positive and memorable experience for the teaching fraternity. The celebration reaffirmed the institution's commitment to valuing teachers for their academic achievements, mentoring, professional contribution and continued service to students and the institution.
